- National Diploma: Plant Production
SAQA ID 49010, NQF Level 5.
- The Diploma course requires a matric certificate.

ASSESSMENTS

- Competence for the courses is obtained through practical assessment, logbooks, and assignments / workbooks.
- No formal exams.

HOW IT WORKS

Groenkloof City Campus:

At the Groenkloof City Campus, students follow a theoretical and practical alternating schedule. This balanced approach prepares students comprehensively for success in the agricultural sector. Groenkloof students attending contact tuition will follow a schedule that requires them to attend lectures on campus from Monday to Thursday.

First year class structure:

For 3 weeks, students engage in full-time theoretical studies at the campus, gaining a strong foundation in agricultural principles. **Every fourth week**, they transition to the Cullinan Campus and farming facilities for hands-on practical training, where they apply what they've learned in real-world farming environments. This cycle repeats throughout the year, ensuring students complete the required practical hours and theoretical coursework for their first year.

Second year practical experience:

In the second year of study, students will identify a farm of their own choice to complete practical elements. The theoretical learning will be conducted via Google Classroom, ensuring a blend of traditional and digital learning.

COURSE FEE

FIRST YEAR R 130 000

SECOND YEAR R 52 500

Course presented over 24 months.

PAYMENT OPTION 1: ONCE OFF PAYMENT

	Item	Amount Payable	Date Payable
